A. All work for the benefit of the client is billable.
B. The Project Manager gladly accepts the task and sets the expectation that the client can determine which tasks are billable.
C. The client may share existing project plan with his staff for reformatting.
D. The Project Manager declines because only the existing format is allowed.
Answer: B,C

NEW QUESTION: 2
A technician is in the process of removing a recently discovered Trojan horse application from a users laptop. Which of the following should the technician complete to prevent reinfection of the same machine?
A. Research the symptoms to identify the threat.
B. Isolate the infected machine from all networks.
C. Update the operating system and anti-malware signatures.
D. Reenable Windows System Restore after rebooting the device
Answer: C

NEW QUESTION: 3
Sally is a network admin for a small company. She was asked to install wireless accesspoints in the building. In looking at the specifications for the access-points, she sees that all of them offer WEP. Which of these are true about WEP?
Select the best answer.
A. Stands for Wireless Encryption Protocol
B. It offers end to end security

C. Stands for Wired Equivalent Privacy
D. It makes a WLAN as secure as a LAN
Answer: C
Explanation:
Explanations:
WEP is intended to make a WLAN as secure as a LAN but because a WLAN is not constrained by wired, this makes access much easier. Also, WEP has flaws that make it less secure than was once thought.WEP does not offer end-to-end security. It only attempts to protect the wireless portion of the network.
